**INTRODUCTION**

This is in response to the Office Action mailed on January 12, 2005, which acted on pending claims 15-30. Claims 15-17 and 20-30 were rejected, and claims 18 and 19 were objected to as being dependent from a rejected base claim.

**Claim Rejections – 35 U.S.C. § 102**

Claims 15-17, 21 and 27-30 were rejected under 35 U.S.C. § 102(b) as being anticipated by the English Translation of Japanese 7-78203. Specifically, the Examiner pointed to various elements of 7-78203 to satisfy the recited elements of independent claim 15, and in so doing stated that "The tape roll also comprises a tab (4) having first and second opposite ends, a first side, and a second side opposite the first side, and wherein, the second side of the tab is at least partially covered with adhesive because, as shown in the drawings, the tab is adhered to the tape surface," and also stated that "The adhesive portion of the tab is adhered to the first side of the tape on the penultimate layer of the roll...." As explained in detail below, 7-78203 does not include this teaching, and does not disclose, teach or suggest the elements recited in independent claim 15.
